

## SEMINAR IN JUNE 2025

# NEW PERSPECTIVES OF TAX INSPECTIONS ON RELATED-PARTY TRANSACTIONS

As regulations on Related-party Transactions become increasingly stringent, businesses are facing growing pressure from tax authorities and a heightened risk of in-depth tax inspections. Understanding the latest trends in tax audits not only enhances compliance but also helps minimize the risk of tax reassessments and penalties.

This seminar will provide in-depth analysis of tax authorities' perspectives on related-party transaction audits, along with effective methods for evaluating and preparing transfer pricing documentation. Additionally, businesses will gain valuable practical insights from tax and financial experts, enabling them to develop a robust compliance strategy and optimize risk management in their operations.

1. Regulatory updates and trends in tax inspections
2. Risk mitigation strategies for related-party transactions
3. Typical tax audit cases and key lessons learned
